

RAKYTNÍK MESSENGER

THE GAZETTE OF THE MUNICIPALITY OF RAKYTNÍK - RAKOTYÁS

THE NEXT PUBLIC MEETING OF THE REPRESENTATIVES WILL BE HELD ON
JUNE 1ST 2019, SATURDAY, FROM 14:00 HOURS
IN THE LOCAL COMMUNITY CENTER.
ALL INTERESTED WILL BE WELCOME.

ACHIEVEMENTS OF TRAINING

The results of the masonry auxiliary worker training organized within the REPAS+ project are visible by the eyes. Renovated was the walkway in front the municipal office, the walkway to the community well, its roof structure, and the bus stop also. In reconstructing the latter, we tried to conform/adapt to the expectations of the residents of our village, although the survey of the public opinion did not bring a unanimous decision on this issue (* close it, ** leave it open).

INTERNET

In our village, the two main internet providers will provide unlimited internet access further. The employees of RSNET had upgraded their network to optical cables, but as of yet there has been no change in the bandwidth provided by them. In the near future cable television service will be also available on the same network. For possible further information be brave to turn to your provider.

ELECTIONS TO THE EUROPEAN PARLIAMENT

As we have officially informed the honored residents of our village, on **May 25th 2019** the Elections to the European Parliament will be held. This way we are also urging all voters to exercise their right to vote. It is up to us, and now it will be decided what the Europe of the future will be.
